4.	<p>Questions arising</p> <ol style="list-style-type: none"> 1. Why did the Poppyfields infrastructure contribution go to ABC not Charing? (JL) Quite a lot of the money will be spent in Charing going to playground, bus shelters, school, surgery and some has been spent on the Playing Fields Pavilion 2. What is the housing stock threshold for Section 106? (JL/JB) It is about 10 dwellings or more but there are law changes ahead and contribution may come from any new property built 3. Why were the Parish Plan and Village Appraisal ignored especially as they took a long time to do and incorporated the parishioners wishes. Will NP just be another waste of time? (JB) These were voluntary documents, the NP will be part of the statutory framework and will carry much more clout and ABC will have to take account of it. (JL) briefly covered the housing situation. Local Plan requires 55 new dwellings on two sites; Orbit proposes 51 flats and bungalows; Wilkinson second phase proposes 9 and Wheler Foundation proposes about 300. There are some other in-fill sites proposed for small developments. Our NP needs to firm up on what is acceptable in terms of new houses and where they should be built. 4. How many new houses does Charing have to have? According to local plan 55 5. If we exceed 55 will ABC demand 200? (JB) Developers may try to squeeze more 6. What is a garden city (Wheler proposal) (JB) Up to 2000 new homes to make a new town or village 7. How do you influence ABC Good attendance at meetings like we are experiencing provides real views and sound evidence to underpin our proposals. Please come to all of the meetings so we can hear your views and take them on board. <p>JB explained the post it notes, what is working well already, what is “pants” and what are your dreams for the village</p>
6.	JL explained about the exhibitions in the hall and attendees were invited to look at this, complete their post its and enjoy refreshments supplied by The Rosebuds
7.	JB gave feedback on the post its, particularly village community, sustaining the High Street, transport, traffic and parking, protecting views and green spaces
8.	<p>Close by HB who set out where we go from here</p> <p>We need to form a steering committee with all ages and backgrounds over the next few weeks and get as many volunteers as possible to do the legwork. The committee will digest the initial views and workshops will be organised later this</p>

	year to gain further information. From that a questionnaire will be drafted and this will be sent to everyone in the parish so that views on everything can be given to help start draft the NP. Once drafted and agreed with ABC it comes back to the village to gain consensus by referendum. It's important not to conflict with ABC. HB thanked the speakers and everyone for coming
